Grid

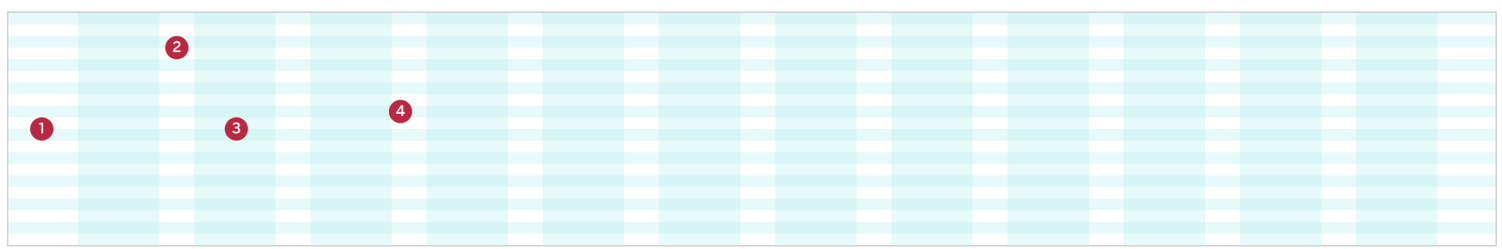
Grid Elements

A grid consists of margins, gutters, columns, and a vertical grid of 8px. In general, use the grid as your starting point. If something needs to deviate for aesthetic reasons, that is your choice as a designer to make.

Desktop

Our responsive grid focuses on consistent margin and margin widths, rather than column widths. It has fixed margins of 44 px, which will vary depending on the width of the screen, while the gap between columns is set at a fixed 24 px.



1. **Margin:** 44px
2. **Gap:** 24px

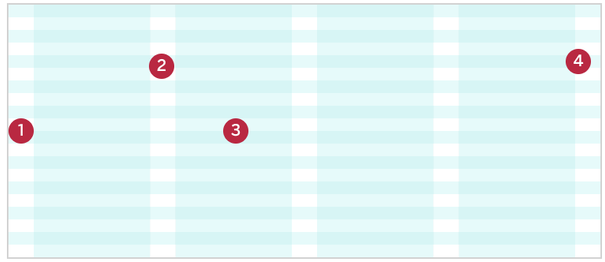
3. Column: Variable
4. Vertical Grid: 8px

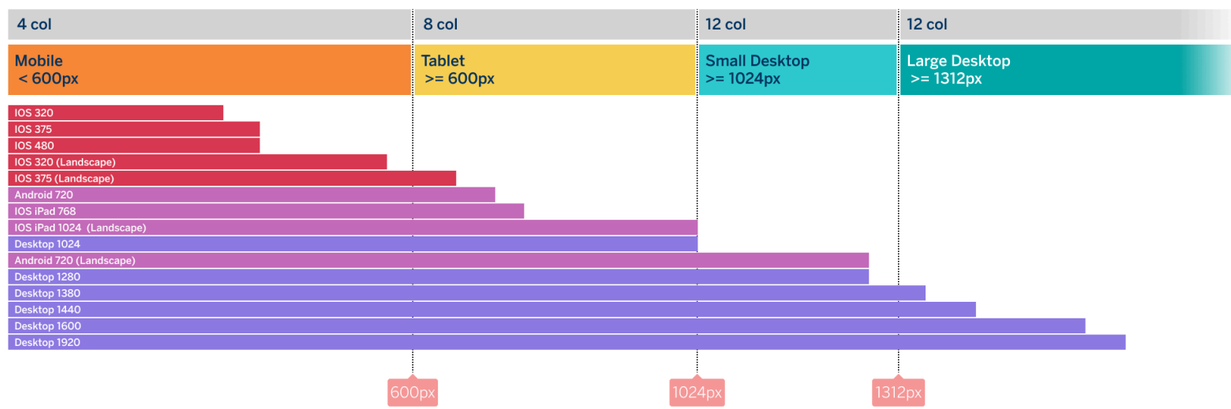
Mobile

On the mobile grid, there is a mandatory 16px margin on each side for wide elements.



1. Margin: 16px
2. Gap: 16px
3. Column: 4 columns at 73.75px (Total of 295px)
4. Vertical Grid: 8px

Multiple Device grid



Grid Specifications Dev

Large Desktop (≥ 1312px)
